Dear Professor Hu,

Spencer Roetlin, 01198625, represents the University of Iowa this semester in officially sponsored intercollegiate debate tournaments on the national debate topic:
Resolved: The United States Federal Government should establish national health insurance in the United States.

Spencer Roetlin will attend the following tournaments this semester:

University of Missouri Kansas City	September 15-18
University of Kentucky	September 30-October 2
University of Nevada Las Vegas	October 20-23
University of Central Oklahoma	November 3-5
Wake Forest University	November 11-13

Debaters understand their absence does not excuse them from assignments or deadlines and they are expected to make arrangements with professors and instructors to meet their academic obligations in advance of leaving for a tournament.

In order to remain eligible to travel and receive scholarship consideration, debaters must maintain a 3.0 grade point average. If during the term you believe the student is at risk of losing their eligibility, I would appreciate knowing.

If you have any further questions, please call my office number 319-335-1969.

Thank you,
